About REVO₂LUTION RUNNING™

“Through running, we fulfill our destiny as physical beings, and on the foundation of a fitter physical being, we can build a better life.” – DR. JASON KARP

REVO₂LUTION RUNNING™ takes advantage of the world’s most popular exercise by educating fitness professionals on fundamental running-specific training principles and providing them with the required skill and expertise to train runners and teach science-based group treadmill interval workouts.

At the heart of REVO₂LUTION RUNNING™ is its name, which includes an acronym of the three physiological factors that determine running fitness: **R**unning Economy, **VO₂**max, and **L**actate **T**hreshold. To achieve results, the biology of running requires that workouts be designed to maximize these physiological factors. That’s the secret of REVO₂LUTION RUNNING™.
